Mr. Bob Cornelius,
Managing Director,
Bougainville Copper Limited,
Building 36,
PANGUNA,
N.S.F.

Dear Sir,

SUBJECT : RESTRUCTURING THE LAND OWNERS ORGANIZATION
TO IMPROVE PARTICIPATION FROM THE ORDINARY
LANDOWNERS ON ALL BUSINESS ACTIVITIES.

Although it is late to write to you at this time I'm very pleased that after receiving this official letter that you will then be fully aware of the new executives, of the Panguna Land Owners Association.

I further submit to you in your capacity as the Managing Director, on behalf of Bougainville Copper Limited to recognise my legally established executives. I hope that you will pay your respect for the unity and to date co-operation for each other, in order to have one strong voice to deal with the company. I know that the company would like to have less trouble and peace, but the executives will not hesitate to speak without fear for just representation.

I'd like to convey to the company that the company shall cease from interfering with few self centred traditional landlords brainwashed by foreigners and minority elite nationals. The present executives will closely monitor all degree of malpractices with every determined possible means. Failure to comply with the content of this letter will result in work turmoil.
Sir, I do not intend nor do I promote or interfere or reduce, but I rather speak to improve all matters relating to fair and just compensation.

Meanwhile I wish to propose that you set aside a suitable time for you to meet my executives vice-versa you meet my executives in a friendly atmosphere.

The company should never excuse themselves to avoid ass executives who are subject to diplomatic negotiation and dialogue, but rather company should keep out from injecting their dirty ideology.

Yours faithfully,

Chairlady. *B. B. B.*
